This QSL card is a reproduction of the poster published by the ITU for World Telecommunication Day 1977, which will be celebrated as usual on 17 May, the day on which the ITU was founded in 1865. It will be used for the cover of the May issue of the **Telecommunication Journal.**

4U9 QSL Bureau

This year, in view of the theme chosen for World Telecommunication Day - "Telecommunication and development" — the United Nations Development Programme (UNDP) will be acting in conjunction with the ITU.
